

Personal Portfolio Website

SUMMARY:

Designed and developed a modern, responsive personal portfolio website to showcase my skills, education, projects, and achievements. The website features an interactive UI with 3D-inspired effects, smooth animations, custom cursor interactions, and a professional dark-themed design. It serves as an online portfolio for recruiters and clients to explore my technical skills, projects, and contact information.

Technologies Used:

HTML, CSS, JavaScript

Key Features:

Responsive design for all devices

Modern UI/UX with animations

Interactive navigation and custom cursor

Skills, Projects, and Contact sections

Professional personal branding
